Re: Mariano’s Flu Shot Vouchers

Dear Members and Participants:

We have partnered with the Mariano’s Pharmacy this year to offer flu vaccinations for eligible participants of Automatic Sprinkler Local 281, U.A. Welfare Fund (the Fund). Flu shots are a covered benefit under the Fund.

On the reverse side of this notice are two vouchers for the influenza vaccination. Any additional vouchers can be downloaded directly from the Local 281 website under the “membership news” tab (www.sprinklerfitterchicago.org). In order to receive a flu vaccination at Mariano’s Pharmacy, you will need to present one voucher per recipient. The cost for the vaccination will be $18.00 paid directly to Mariano’s Pharmacy. This flu shot is for the regular flu virus and is intended for all eligible members, eligible spouses, and eligible dependents and can be administered to individuals aged 10 years and older. Shingles vaccinations are available to individuals age 60 and older.

Getting your flu shot is as easy as stopping by your local Mariano’s Pharmacy! This voucher entitles you to an $18.00 Flu Vaccination. Discounted rates are also available for Pneumonia, Shingles and Tetanus (with whooping cough/dap) vaccinations. Pneumonia shots- $75.00 Shingles shots- $195.00 Tetanus shots - $60.00. To find the nearest Mariano’s Pharmacy visit Marianos.com. No appointment is necessary. If you prefer, call ahead for a convenient time.

You may send your itemized receipts, stating the date, patient name and vaccination received to the Fund office for a one hundred (100) percent reimbursement for the flu, pneumonia, shingles and tetanus shots.

If you have any questions feel free to contact the Fund Office.

Sincerely,

Tim Morrin
Fund Administrator
